All content of this Internet site is owned or controlled by S&M Moving Systems and is protected by worldwide copyright laws. You may download content only for your personal use for non-commercial purposes but no modification or further reproduction of the content is permitted. The content may otherwise not be copied or used in any way.

The owners of this site will use reasonable efforts to include up-to-date and accurate information in this Internet site, but make no representations, warranties, or assurances as to the accuracy, currency, or completeness of the information provided. The owners of this site shall not be liable for any damages or injury resulting from your access to, or inability to access, this Internet site, or from your reliance on any information provided at this Internet site.

This Internet site may provide links or references to other sites but the owners of this site have no responsibility for the content of such other sites and shall not be liable for any damages or injury arising from that content. Any links to other sites are provided as merely a convenience to the users of this Internet site.

This Internet site contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. These statements, at the time they were made, were based on then-current expectations of future events.

If any of those underlying assumptions prove or have proven to be inaccurate or unknown or if risks or uncertainties materialize or have materialized, actual results could vary or already may have varied materially from the Company's expectations and projections in these statements.

These risks and uncertainties include general industry conditions and competition; economic conditions, such as interest rate and currency exchange rate fluctuations; technological advances and patents attained by competitors; challenges inherent in new product development, including obtaining regulatory approvals; domestic and foreign health care reforms and governmental laws and regulations; and trends toward health care cost containment.

The Company assumes no obligation to update any forward-looking statements as a result of new information or future events or developments.

The trademarks, service marks, trade names, trade dress and products in this Internet site are protected in the United States and internationally. No use of any of these may be made without the prior, written authorization of the owners of this site, except to identify the products or services of the company.

Any personally identifiable information in electronic communications to this Internet site is governed by this site's Privacy Policy. The owners of this site shall be free to use or copy all other information in any such communications, including any ideas, inventions, concepts, techniques or know-how disclosed therein, for any purposes. Such purposes may include disclosure to third parties and/or developing, manufacturing and/or marketing goods or services.

The sender of any communications to this Internet site or otherwise to the owners of this site shall be responsible for the content and information contained therein, including its truthfulness and accuracy.

Privacy Policy

This site is owned by S&M Moving Systems. This Privacy Policy is designed to tell you about our practices regarding collection, use, and disclosure of information that you may provide via this site. Please be sure to read this entire Privacy Policy before using or submitting information to this site.

Your Consent

By using this site, you agree to the terms of this Privacy Policy. Whenever you submit information via this site, you consent to the collection, use, and disclosure of that information in accordance with this Privacy Policy.

Information You Provide

Some areas of this site may ask you to submit personally identifiable information in order for you to benefit from the specified features (such as newsletter subscriptions, tips/pointers, order processing, or resume submission) or to participate in a particular activity (such as sweepstakes or other promotions). You will be informed what information is

required and what information is optional.

Passive Information Collection

As you navigate through this site, certain anonymous information can be passively collected (that is, gathered without your actively providing the information) using various technologies, such as cookies, Internet tags or web beacons, and navigational data collection (log files, server logs, click-stream). Your Internet browser automatically transmits to this site some of this anonymous information, such as the URL of the Web site you just came from and the Internet Protocol (IP) address and the browser version your computer is currently using. This site may also collect anonymous information from your computer through cookies and Internet tags or web beacons. You may set your browser to notify you when a cookie is sent or to refuse cookies altogether, but certain features of this site might not work without cookies.

This site may use and combine such passively collected anonymous information to provide better service to site visitors, customize the site based on your preferences, compile and analyze statistics and trends, and otherwise administer and improve the site for your use. Such information is not combined with personally identifiable information collected elsewhere on the site unless you have consented.

More Information About Cookies

A "cookie" is a bit of information that a Web site sends to your Web browser that helps the site remember information about you and your preferences.

"Session" cookies are temporary bits of information that are used to improve navigation, block visitors from providing information where inappropriate (the site "remembers" previous entries of age or country of origin that were outside the specified parameters and blocks subsequent changes), and collect aggregate statistical information on the site. They are erased once you exit your Web browser or otherwise turn off your computer.

"Persistent" cookies are more permanent bits of information that are placed on the hard drive of your computer and stay there unless you delete the cookie. Persistent cookies store information on your computer for a number of purposes, such as retrieving certain information you have previously provided (such as passwords), helping to determine what areas of the Web site visitors find most valuable, and customizing the Web site based on your preferences on an ongoing basis. Persistent cookies placed by this site on your computer may hold personally identifiable information, but only if you have registered or have otherwise consented to the retention of personally identifiable information you have provided at the site. Otherwise, our site's server only knows that an unidentified visitor with your cookie has returned to the site.

You can set your browser to accept all cookies, to reject all cookies, or to notify you whenever a cookie is offered so that you can decide each time whether to accept it. To learn more about cookies and how to specify your preferences, please search for "cookie" in the "Help" portion of your browser.

A site may use Internet Protocol (IP) addresses. An IP address is a number assigned to your computer by your Internet service provider so you can access the Internet and is generally considered to be non-personally identifiable information, because in most cases an IP address is dynamic (changing each time you connect to the Internet), rather than static (unique to a particular user's computer). The IP address can be used to diagnose problems with a server, report aggregate information, determine the fastest route for your computer to use in connecting to a site, and administer and improve the site.

"Internet tags" (also known as single-pixel GIFs, clear GIFs, invisible GIFs, and 1-by-1 GIFs) are smaller than cookies and tell the Web site server information such as the IP address and browser type related to the visitor's computer. Tags may be placed both on online advertisements that bring people to the site and on different pages of the site. Such tags indicate how many times a page is opened and which information is consulted.

"Navigational data" (log files, server logs, and click-stream data) are used for system management, to improve the content of the site, market research purposes, and to communicate information to visitors.

Use and Disclosure of Information

Except as otherwise stated, we may use information collected via this site to improve the content of our site, to customize the site to your preferences, to communicate information to you (if you have requested it), for our marketing and research purposes, and for any other purpose specified. In addition, we may make full use of all information acquired through this site that is not in personally identifiable form.

If you provide personally identifiable information to this site, we may combine such information with other actively collected information unless we specify otherwise at the point of collection. We may disclose personally identifiable information you provide via this site to other Johnson & Johnson Services, Inc affiliates worldwide that agree to treat it

in accordance with this Privacy Policy and use it for the same purposes. We also may disclose personally identifiable information you provide via this site to third parties that are not Johnson & Johnson Services, Inc. affiliates, but only:

(i) to contractors we use to support our business (such as fulfillment services, technical support, delivery services, and financial institutions), in which case we will require such third parties to agree to treat it in accordance with this Privacy Policy and use it for the same purposes;

(ii) in connection with the sale, assignment, or other transfer of the business of this site to which the information relates, in which case we will require any such buyer to agree to treat it in accordance with this Privacy Policy and use it for the same purposes; or

(iii) to respond to law enforcement requests or where required by applicable laws, court orders, or government regulations.

The collection, use, and disclosure of information contemplated in this Privacy Policy may involve a transfer of the information to jurisdictions located outside your country of residence that may not have equivalent laws and rules regarding personally identifiable information. In these cases, you will be asked to consent to such transfers and disclosures in accordance with this Privacy Policy.

Access, Correction, and Deletion

To keep personally identifiable information that you provide via this site accurate, current, and complete, please contact us as specified below and we will take appropriate steps to update or correct such information in our possession, or to delete your information from our contact list.

Security

This site takes reasonable steps to protect personally identifiable information as you transmit it to our site and to protect such information from loss, misuse, and unauthorized access, disclosure, alteration, or destruction. You should keep in mind that no Internet transmission is ever completely secure or error-free. In particular, e-mail sent to or from this site may not be secure.

Links to Other Web Sites

This site may contain links or references to other Web sites to which this Privacy Policy does not apply. We encourage you to read the Privacy Policy of every Web site you visit.
